

Essay on the Origin of the South Indian Temple

Filesize: 2.33 MB

Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

(Mitchell Kuhn III)

ESSAY ON THE ORIGIN OF THE SOUTH INDIAN TEMPLE

Asian Educational Service, New Delhi, 2001. N.A. Book Condition: New. 22 cm. 22cm, 90p, 19 Illus. Written as a thesis for a doctorate in philosophy, this book contains original deductions upon already known facts. It traces, step by step, the evolution of the south Indian temple. In this work the author has attempted to show that the Hindu temple is not modelled on the Buddhist Stupa, and that it existed anterior to the stupa; and that in fact, it served as a model to the early domical stupa which in the course of the ages became a tower. The book has 15 chapters that discuss the Sacred Tree, pre historic graves, the stone ring, the Toda and other primitive temples, the vimana, the chaitya etc. Accompanying the text are 19 illustrations. This book is a reprint of the 1930 edition.
