Follow this fact filled, informative and realistically holistic approach to beating the odds after a stroke! Sex and travel, just two of life's simple pleasures, are just some of the many real-life subjects covered in Stroke Victor, How to Go From Stroke Victim to Stroke Victor, the dramatic, funny and no-holds-barred new book that for the first time tells, in straight-forward language, what a stroke feels like and how to beat it. Bob Mandell and his caregivers experienced frustration, dead-end paths, bad advice and rehabilitation plateaus after his near-death stroke BUT - discovering and utilizing little known innovative therapies and techniques, tricks, techniques, devices and philosophies that TODAY can help every stroke victim have a better chance of a decent recovery and ultimate healing, the Stroke Victor extended his recovery well beyond the predictions of medical experts. Travel with the Stroke Victor from his days as a paralyzed, barely speaking stroke survivor living in a Connecticut nursing home to a participant in America's Cup sailing, international travel, jet boating and wine tasting. And for every care-giver and relative - gain a new window into what can really be done. Look, I know all too well that Stroke can be a bitch. And some days, worse! BUT, I AM HERE TO TELL YOU . Bob Mandell, Stroke Victor.
