 Summary: Focusing specifically on loom bead weaving, this book provides extensive information on building a loom, loomwork techniques, and design techniques. Beading on a Loom begins with a brief history of Native American and African beadwork and European bead manufacturing. Special attention is paid to Native American beadwork, including wampum and glass beads and box, bow, heddle, and Apache looms. Step-by-step instructions and illustrations are provided for the entire weaving process, including loom construction, warping, basic weaving, weaving triangles, finishing and correcting mistakes.
