(no. 806a. ) THE ALGAE OF THE EXPEDITION The following paper on the Algae of the Expedition, by Prof. De Alton Saunders, was originally published in the Proceedings of the Washington Academy of Sciences, vol. 1n, pp. 391-486, Nov. 15, 1901. It is here reprinted from the same electrotype plates, so that it may be quoted exactly as if it were the original. The original pagination has been preserved and transferred to the inner or hinge side of the page, where it is enclosed in brackets, thus 392; while the consecutive pagination of the present volume has been added in the usual place. In the plates the original numbers and running headline, slightly abbreviated, have been preserved in brackets, while the volume designation and serial plate numbers have been added in the usual place. The original text references to the plates are unchanged. The present headpiece and title have been substituted for the running heading of the Academys Proceedings and the original title, which was: Papers from the Harriman Alaska Expedition, xxv. The Algce. No other alterations have been made. The author desires to record the...
